13  <!-- J'ai utilisé la balise style afin de n'affecter que cette page ↵
14  puisqu'on ne doit avoir que 1 feuille de CSS.↵
15  ↵
```

The screenshot shows the Nu Html Checker web application. At the top, there's a navigation bar with several tabs labeled "Showing results for". The main heading is "Nu Html Checker". Below it, a message states: "This tool is an ongoing experiment in better HTML checking, and its behavior remains subject to change". The section "Showing results for competences.html" contains a "Checker Input" box with options to show source, outline, or image report, and buttons for file upload, browse, and check. A green banner below indicates "Document checking completed. No errors or warnings to show." The "Source" tab is active, displaying the HTML code of the document being checked. The code includes DOCTYPE, html lang, head with links to bootstrap CSS and a stylesheet, and body with margin settings.
